

ENTERPRISE FUND – WATER & SEWER: THREE YEAR FORECAST REVENUES AND EXPENDITURES

DESCRIPTION

Enterprise Funds account for operations funded and operated in a manner similar to private business enterprises, where the intent of the county is to recover, through user charges, the cost of providing services to users of the service.

The Water and Sewer Enterprise Fund (Fund 51) accounts for the provision of water and sewer services to residents of Henrico County, and wholesale service to Hanover and Goochland Counties. All activities necessary to provide such services are accounted for in the respective fund, including operations, maintenance, construction, financing, and related debt service.

Until December 2020, Belmont Park Golf Course Enterprise Fund (Fund 52) accounted for the operations of Belmont Park Golf Course. Since that date, operations for Belmont Golf Course have been turned over to First Tee of Richmond. Due to the change in operations and funding, a forecast for Belmont Golf Course is no longer included.

The three-year forecast narrative of revenues and expenditures has been prepared for the Water and Sewer Enterprise Fund using the same basic framework as the General Fund.

ASSUMPTIONS

- Revenues are forecasted with increases in customer growth necessary to keep pace with routine operating costs, expansion, and rehabilitation of infrastructure.
- Forecasted revenues also satisfy the requirements of the county's revenue bond covenants for current and future debt issues.
- Revenue sources are primarily user charges such as sale of water and sewer service and water and sewer connection fees.
- General Fund transfers support the debt service on the portion of \$32,000,000 subordinated Water and Sewer Revenue bonds sold in FY98 to fund the infrastructure improvements of the Elko Tract in eastern Henrico County (these bonds were refunded in FY10).
- Expenditures in this forecast represent total operating costs for providing water and sewer services to County residents including infrastructure maintenance, operation of the water and sewer systems, and debt service on bond issues.
- The capital budget expenditures for the forecast years include projects planned in the future years listed in the Capital Projects Fund section of this budget document.
- Capital Budget revenues are one of two sources: proceeds from the sale of revenue bonds or transfers from operations revenues to support costs related to system rehabilitation, expansion, and improvement.
